Mangalakara Junior College Jagarajupalli | (2020 - 2022) | CGPA : 80 % |
| ■ Board of Secondary Education Andhra Pradesh
SSS English Medium High School Puttaparthi | (2019 - 2020) | CGPA : 98 % |

TECHNICAL SKILLS

- **Programming Languages :** Java (Working Knowledge),
- **Database :** SQL (Fundamental concepts and basic queries)
- **Web Technologies :** HTML, CSS, JavaScript (Foundational Knowledge)

INTERSHIPS

- AWS Data Engineering Virtual Internship - EduSkills
- Google AI-ML Virtual internship - EduSkills
- Full Stack Java Internship - SkillDzire

CERTIFICATIONS

- Responsive Web Design – Free Code Camp
- JavaScript Essentials - Cisco Networking Academy
- Basics of Java – Infosys Springboard

PROJECTS

1.College FAQ Chatbot

Developed a rule-based chatbot to handle student queries related to admissions, courses, facilities. Designed to provide instant and accurate responses, reducing manual query handling.
Technologies Used: Python, HTML, CSS, JavaScript.

2.Car Pooling System

Designed a basic ride-sharing application for registering and searching available carpools. Focused on efficient application logic and structured data handling.
Technologies Used: React 18, Vite, React Router, Axios, Node.js, MongoDB, JWT.

3.Stream Hub

Built an application to download YouTube videos using user-provided URLs. Implemented basic input validation and file handling for smooth downloads.
Technologies Used: React.js, JavaScript, CSS, YouTube Data API, React Router DOM, Context API.
